To Who It May Concern,

Roy Boniface – Boutique Building Management Services Ltd

I have personally known and worked with Roy for several years in his role as Building Manager and in particular as Building Manger at one of our sites in Parnell, Augustus Terrace. I have always found Roy to be very professional and proactive with regards to what is in the best interests of the complex.

We at Lochores would recommend Roy and his services to any potential new client and wish him all the best in his new venture with Boutique Building Management Services Ltd.

Yours sincerely
